

Specifications

Name of Product		The Trust
Main Body	Weight (g)	80
	Dimensions (mm)	22x27.5x25
Measurement Tolerance		Measured Result ±3
Measurement Angle		0~90°C
Measurement Time		Within 3 Seconds
Target Strength		≤ 3 N
Timer		Automatically Powers Off if Unused for More than 2 Minutes
Voltage		3.7V / 0.5A
Cable Type		USB C-Type
Battery		420mA
Storage		Temperature: 0-40°C / Humidity: 30-85%

The Trust

Implant Stability Measuring Device

- Any angle
- Disposable vinyl cap
- Similar osstell number
